

Capturing the Distinct Motown Sound

A little more than half a century ago, a new sound took shape in and around Detroit that revolutionized the music industry. Today, the all-star **Motor City Revue** faithfully recreates that signature Motown sound...and, in the process, takes audiences on a journey back in time.

Motor City Revue was formed in 2010 to offer music lovers an authentic tribute to the artists and songs that defined a generation, striving to match the vocal harmonies and instrumental mix that distinguished the original recordings, and adding the energy of live performance.

Motor City Revue will have you dancing and singing to the “Sound of Young America”, songs immortalized by Marvin Gaye, Smokey Robinson & The Miracles, The Temptations, The Four Tops, Stevie Wonder, Edwin Starr, Jr. Walker, The Supremes and countless others.
